Dear Parents/Carers

Welcome to Contract Catering Services - your new school meals provider

We are delighted to be taking over the delivery of school meals at Olga primary school in September 2026. Attached is our current menu which we will be serving to your children, and we hope they enjoy it. Contract Catering Services provides school meals to 57 schools and nurseries across Tower Hamlets and on average we serve 15,500 meals a day.

We are proud to have been awarded the Food for Life Served Here Bronze Award from the Soil Association for serving healthy and sustainable meals. This prestigious certification from the UK's leading food and farming charity recognises our dedication to providing school meals that are not only delicious, but are good for our children's health, nature and the climate as highlighted below;

- Meat and eggs are all sourced from the UK, from good animal welfare, fish is not endangered, and all our meat and eggs can be traced back to the farm.
- The ingredients we use are completely free from additives, trans fats and GMOs.
- Our menus are inclusive of cultural and dietary needs.
- By using seasonal ingredients and cooking food from scratch we are lowering carbon emissions and reducing the negative impact of our food on the environment, meaning that our menus are sustainable.
- We exceed the national School Food Standards and make healthy eating easy for children.

We have also recently been awarded the Bronze ProVeg Award which recognises our inclusion of many Vegan and Vegetarian recipes in our menu. These recipes are packed full of nutrition including protein and fibre to keep children healthy.

We know that food is a vital part of education, and understand that fresh, healthy food is what young minds need to grow, develop and be happy. We serve high quality meals that are innovative and diverse for all, and we look forward to serving the children at Olga school in September.

Kind regards

Jenny Pittam
